Dear Mr. Shepard:

I am a researcher for the TAME TIC Committee, an affiliate of the Western States Pipe Trades Council. TAME TIC is a non-profit group funded by voluntary contributions from building trades unions to evaluate the environmental and economic implications of large construction projects.

Here is a check for \$50 to cover copying costs for materials on the Barney's Canyon expansion. I would like to submit comments on this project during the public comment period. I would also like to request a public hearing on this expansion on behalf of the Western States Pipe Trades Council and its members in the Salt Lake City area. Thank you in advance for your cooperation.

Yours,

John Williams
